IAC VISITING RESEARCHER / SCHOLAR

The UCLA Institute of American Cultures (IAC) offers in-residence appointments to support research on African Americans, American Indians, Asian Americans, and Chicanas/os. We especially encourage applications that advance our understanding of new social and cultural realities occasioned by the dramatic population shifts of recent decades, including greater heterogeneity within ethnic groups and increased interethnic contact. Visiting Researcher appointments are for persons who currently hold permanent academic appointments and Visiting Scholar appointments are for newly degree scholars.
